

The Bella Classic

The Bella Classic is best for clients with skin that just needs regular maintenance. This treatment will include a custom blend of products specifically picked out for your skin's needs. Included at the end of this service is an indulgent arm and shoulder massage that will leave you feeling relaxed and refreshed!

The Bella Organic

Our Organic Facial consists of only 100% certified organic products for the health conscious client. These products are free of pesticides, herbicides, synthetic fertilizers, harmful additives or chemicals. Although the ingredients are all organic, they are still very effective! During this facial you will be treated with a cleanse, exfoliation, and mask customized to your skin's needs. This facial concludes with a luxurious arm and shoulder massage.

The Bella Clear

This facial is designed to clear congested pores and provide a more in-depth cleansing for acne-prone skin. Your treatment includes a cleanse, exfoliation, extractions, and a specially formulated masque chosen for your skin type. Add on our luxurious Red light Therapy treatment to help reduce inflammation and promote healing!

The Bella Ageless

The Bella Ageless is targeted towards clients with aging or mature skin. It is designed to address the signs of aging by merging high concentrations of restorative ingredients with the very latest anti-aging technologies. Your treatment will include a specially curated enzyme and either Microcurrent or Red Light Therapy to restore the skin's overall appearance.

The Bella Sensitive

This soothing and nourishing treatment leaves your skin with a healthy, hydrated glow. Designed for people with delicate skin with a tendency toward irritation. Your treatment will include a cream cleanse and double mask customized to your skin's needs. You will experience cooling towels and iced globe rollers to reduce redness/inflammation and the facial will conclude with an arm & shoulder massage.

The Bella Gentlemen's

Who says facials are just for women? The Gentlemen's Facial combines the luxury of our Bella Classic with custom touches to target the unique needs of men's skin. Beard or no beard, this facial is the perfect way for all men to achieve a deep cleanse and rejuvenate their skin! Includes a high frequency scalp/beard treatment to improve overall hair follicle health.

The Bella Natural Sculpting

The Natural Sculpting Facial is an hour of facial massage techniques that help to promote lymphatic drainage, ease muscle tension, reduce puffiness/ inflammation, and stimulate collagen. We use techniques such as gua sha, facial cupping, manual massage, and cold globe rollers to help you achieve maximum relaxation and sculpt your natural facial structure.

The Bella Back

The Bella Back is our full back facial which will include a deep cleanse, exfoliation, extractions (if needed), and a mask. This treatment is great for everyone. Whether you are prone to acne in this area or would just like a deep cleansing where it's not so easily accessible...We got your back!

The Bella Teen

Teenagers seem to have the hardest time caring for their skin because of hormones, stress, and more importantly, the lack of understanding their skin. This facial is customized to educate our teen clients on general skin hygiene and to assist in developing a home care routine that they can easily understand. After this facial, your teen will leave refreshed and educated!

The Bella Mini

The Bella Mini Facial is an express version of our famous Bella Classic meant to give you a glimpse into our aesthetic services. It will include a deep cleanse, exfoliation, and will conclude with your aesthetician applying leave-on products from our medical grade skincare lines. Take advantage of this time to consult with your provider about further treatments and a home skincare routine.
